About Real California Milk / California Milk Advisory Board

The California Milk Advisory Board (CMAB), an instrumentality of the California Department of Food and Agriculture, represents the state's dairy farm families who lead the nation in sustainable dairy farming practices. With a mission to nourish the world with the wholesome goodness of Real California Milk, CMAB promotes California dairy products, including California dairy gifts, artisan cheeses, and other sustainably sourced dairy foods, across retail, foodservice, and global markets. These efforts help connect consumers to high-quality products made with Real California Milk and support holiday gifting trends that highlight local, sustainable foods.
